How to use this songbook

I try to use only the BEST quality karaoke tracks and may have multiple versions of the same song created by different karaoke track manufacturers.

In this book, beneath each listed track you will see a short code which identifies the different versions I have.

If you have a preferred version for a track, you can check to see what versions I have on my system and choose one that suits you best.

If you don't have a preferred version, your host will choose the best version.
