*OFF to pastures new: Jim and Maria Outram of Take2.*

### **Take2 take off To Cyprus**

TWO of the corner stones of our county's musical entertainment scene are leaving the area to pursue their careers in Cyprus.

Jim and Maria Outram have sung, played and entertained thousands of people at many parties and functions throughout west Wales, through their participation in one of Pembrokeshire's premier function bands, Nightcrew, performing vocals and playing keyboards.

They also perform as Take2, a very popular duo, who sing songs of different styles and from different eras to try to provide, as they say, “something for everybody”.

Sadly this summer will see Jim and Maria loading their equipment into flight cases and moving to Cyprus to continue their musical careers in the entertainment hot spots of the popular tourist island.

We wish them well in their new life.
